Cheap and big can Baking Powders do not
save you money. Calumet does—it's Pure
and far superior to sour milk and soda.

Thousands of Officers Are Need of U. S.

(Continued From Page One)

equivalent to the entrance examina-
tion for the Naval Academy.
The Officers Reserve Corps: These
officers are appointed only temporarily,
and called into service only
when needed. Appointments are
made only after passage of a mental
and physical examination. The ex-
amination is not as difficult as in
the other branches of the service,
military training, experience and edu-
cation at a military school whose
commandant was a regular army of-
ficer, being one of the requirements.
Considerable weight is given in the
examination, to experience.

Additional clerks and other em-
ployees of the war and navy depart-
ments are being chosen from exist-
ing civil service registers, of persons
who have previously passed the nec-
essary examinations. There are
over 6,000 of those now on the wait-
ing list.

F. C. WILSON ENROLLED IN THE HOME GUARD

It was F. C. and not J. C. Wilson
whose name should have been printed
in the list of those who signed with
the Home Guards, organized during
the week. Mr. Wilson, who resides
on North Spring street, asks that the
proper initials be printed, the error
being a typographical one.

Druggists Know a Good Medicine

I am very favorably impressed with
the sales I have enjoyed on Dr. Kil-
mer's Swamp-Root for the past twelve
years; and my patrons who have had
occasion to use it speak in the high-
est terms of praise for the benefits
derived from its action. I can truly
say that it is a good kidney, liver and
bladder preparation and I heartily
recommend it for such ailments.

Very truly yours,
S. S. REYNOLDS,
Sept. 29th, 1916. Chunky, Miss.

Letter to
Dr. Kilmer & Co.,
Binghamton, N. Y.

Prove What Swamp-Root Will Do
For You.

Send ten cents to Dr. Kilmer & Co.,
Binghamton, N. Y., for a sample size
bottle. It will convince anyone. You
will also receive a booklet of valuable
information, telling about the kidneys
and bladder. When writing, be sure
and mention the Pensacola Daily Jour-
nal. Regular fifty-cent and one-dollar
size bottles for sale at all drug stores.
—Adv.

Many Enlistments at Aeronautic Yard--All Is Activity Here

The aero station and navy yard is a
busy place these days. Everything
and everybody out there is doing
something. Enlistments have been
coming in in great numbers. One
hundred and twenty-five aerial land-
man recruits have arrived in the last
ten days from most every state in
the Union; an average of twenty are
arriving every day and 250 are ex-
pected in the next two weeks. Only
a given number of aerial landman
recruits are allowed to be enlisted at
the various stations in the country,
forty being the number allowed from
this station.

Enlistments Rapid.
Great efforts are being made in
every section of the country to obtain
the 38,000 young men necessary to
bring the country's first line of de-
fense up to its full strength of 100,000
men. Pensacola is doing its full
share to accomplish this. While the
navy vessels were in this port several
weeks ago about 25 young men from
here enlisted and shipped with the
vessels when they left.

Reports from all over the country
show that about 500 young Americans
a day are being enlisted in the navy.
No weaklings, mentally or physically,
are accepted. The recruit must be
between the ages of eighteen and
thirty, of sound health, good teeth,

and above all an American citizen of
good morals. Enlistment is for four
years and the work promises rapid
advancement for the ambitious youth.
Recruits from this station are sent
to Norfolk, Virginia, for a period of
training, which lasts six months in
times of peace but will probably be
cut in half under the present circum-
stances.

The recruiting officers at the navy
yard request that applicants bring
with them when they come to enlist
full information about themselves so
as to facilitate matters. So many
come to the station, the officers say,
without any data at all and that much
time is consumed in getting the nec-
essary information. It is necessary
that applicants present to the re-
cruiting officer either: A birth cer-
tificate from proper state, city, or
church authorities, or 2. A written
statement from their parents or legal
guardian as to the age and place of
birth, and the signature of the parent
or guardian must be verified by some
responsible person.

The following young men from
Pensacola and vicinity have enlisted
this week in the several branches of
service at the navy station: S. Dick-
son, C. H. Thornton, M. J. Lichten,
E. B. Smith, L. Mosley, E. J. Wagner,
P. H. Lewis, and W. C. Gholson.

LIBEL AGAINST A TAMPA SHIP-OWNER

E. Lutz, a lumber merchant of
Pensacola filed a libel in the federal
court yesterday against A. Massair,
a shipowner of Tampa, in a cause of
contract to recover damages amount-
ing to \$350. The libelant alleges that
certain goods that he had shipped to
Mobile in freight cars to be taken as
cargo on A. Massair's ship were not
loaded on the ship at the time agreed
on, and that he had to pay demurrage
on the goods and that the goods were
damaged by being exposed to the
weather and that his financial loss
was about \$350.

Scott M. Loftin is proctor for the
libelant.

Fogarty Bill Meets Sharp Opposition

(Continued From Page One.)

ing funds for publicity purposes.

When the bill introduced by Dr.
Fogarty of Key West to amend the
health laws of the state and vesting
the power of electing the state health
officer in the hands of the board of
state institutions great opposition de-
veloped which started with the mo-
tion of Senator MacWilliams to in-
definitely postpone consideration of
the act.

Senator MacWilliams stated that
he did not believe that laws which
had operated successfully for more
than twenty years should be lightly
changed to meet an exigency which
the supporters of the bill believed to
exist, even if it was desirable to re-
tain Dr. Porter in office. He ex-
pressed warm personal regard for Dr.
Porter, and extolled his efficiency, but
urged that laws which are made to
stand through years, be not
changed on the spur of the moment.

Senator Alexander, of the twenty-
eighth, in supporting the motion to
indefinitely postpone consideration,
said that the power of appointment
could be easily allowed to remain in
the hands of the Governor, who he
praised as being a great man and
clear and conscientious official.

Defends His Bill.
Dr. Fogarty, author of the bill,
made a spirited defense of the act.
He said that in any case where the
efficiency of an official is a great
consideration, he would rather leave
the selection of that official in the
hands of seven men than rely on one
to select a capable officer.

As for Dr. Porter, Senator Fogarty
said that he needed no personal de-
fense, for he has a reputation that
is nation-wide and has shown by
years of faithful service his efficiency
and capability. He called attention
to the fact that only in March the
state board of health had met and
elected Dr. Porter to a term of four
years of office.

Questions Constitutionality.
Senator Calkins, of the eleventh,
raised the question of the constitu-
tionality of the act, and urged that
this feature be inquired into. Sen-
ator Calkins called attention to the
oaths of the senators to abide by the
constitution, and said that in his
opinion this point should be decided
before any further steps were taken
on the passage of the act. He re-
quested that the bill be recommitted
to the committee of judiciary A, and
allow investigation. This was unani-
mously agreed to.

Other important measures to come
before the senate this morning was
the bill introduced by Senator Mc-
Eachern prohibiting the manufacture
sale, barter, or exchange of alcoholic,
spiruous, vinous, or malt liquors in
the state. The bill was on second
reading, and after two minor amend-
ments permitting the making of do-
mestic wines, such as blackberry,
was ordered to be engrossed.

Makes Women Eligible.
Senator Jones, of the second, in-
troduced a bill making women eligible
for certain offices in the state, these
being confined to any office connected
with the state institutions of educa-
tion or charity or correction, provided
that the functions are performed in
the municipality, district or county,
in which she has resided for three
years next preceding her election or
appointment. Senator Hughtette also
introduced a suffrage bill, applying to
women.

MARINE RESERVE RECRUITS WANTED

Instructions were received yester-
day by the Marine Corps recruiting
office at the navy yard to accept
enlistments in class 4 of the Marine
Corps Reserve. Men will be accept-
ed for this reserve who are unable be-
cause of physical defects, age or for
any other reason, cannot or do not
wish to enlist in a regular branch of
service. Men in this reserve will not
be called upon for foreign service and
will be in active service only for the
duration of the war.

The Marine Corps Reserves will re-
ceive the same pay and the same al-
lowances as the regular marines.
Promotions will be made according to
deserts, but recruits enlist as pri-
vates.
Applicants for enlistment in the
Marine Corps Reserve will report to
the commander's office in the marine
barracks at the navy yard. Passes to
the navy yard are issued by the
United States marshal's office in the
Federal building.

BILL PROVIDES FOR NEW FEDERAL JURIST

Washington Bureau,
The Pensacola Journal.

Washington, April 12.—Senator
Fletcher reintroduced today his bill
for the appointment of an additional
judge for the district court of the
United States for the Southern dis-
trict of Florida, who shall reside in
said district, and whose duties and
term of office, compensation, etc.,
shall be the same as now provided for
the present judge. The purpose of the
bill is to relieve the crush of work on
this circuit which is considered too
big and to have too much business
for one judge.

Senator Fletcher also introduced
his bill appropriating \$25,000 to in-
vestigate the problems in the cultiva-
tion, curing, fermentation and
diseases of cigar leaf tobacco.

The Federal Farm Loan Board to-
day announced the appointment of T.
E. Waldrop of Lake Butler and J. H.
Huddleston of Geneva, Florida, as
land appraisers of the Columbia fed-
eral farm loan district.

A bill to appropriate \$100,000 for
a site and a federal building at Ar-
cadia, De Soto county was intro-
duced by Senator Fletcher today.
Captain A. E. Fatjo, American vice
consul at Hull, England, is here on a
leave of absence. He expects to
leave for his home at Sanford, Flori-
da, tomorrow.

LAW ENFORCEMENT LEAGUE AT 10:30

Pensacola citizens who have or-
ganized to assist city officials in the
enforcement of law and make Pen-
sacola a better city, will hold their
third meeting at the city hall this
morning at 10:30. The committee on
permanent organization selected at
Wednesday's meeting will submit and
report on a constitution and by-laws.
W. H. Watson was selected as tem-
porary chairman and J. H. D'Alemberte
as temporary secretary at the
last meeting and will serve until per-
manent officers are elected.

AVIATOR IS SLIGHTLY HURT IN SQUALL

Lieut. N. E. Merrill was injured
yesterday afternoon at the navy sta-
tion in a fall with his airplane while
making a landing during a squall.
The machine was damaged and the
injury to Lieut. Merrill is not thought
serious.

Lieut. Merrill is from the Massa-
chusetts Naval Militia and was
called into service for Uncle Sam
and assigned to the station here at
the beginning of the present crisis.

CARNIVAL PLANS TO BE DISCUSSED TODAY

A general meeting of committees
from various organizations in the city
will be held this afternoon at 4 o'clock
in the council chamber of the city
hall to discuss the future policy of
the city in regard to the Mardi Gras
celebration.

TWO MORE DAYS TO QUALIFY FOR COMING ELECTION

But two days remain to qualify for
the primary to be held April 24. Poll
taxes must be paid before closing
hours at the office of the county tax
collector, Mr. Roberts, Saturday eve-
ning. City Registration Officer N.
B. Cook will hold his books open to
register or transfer any and all per-
sons who desire such attention, but
it is announced that after tomorrow
evening, unless these very necessary
matters are attended to, voters will
lose their chances of voting in the
city commissioner primary.

Poll tax paying has not been as
lively as it was anticipated. A large
number have been paid all right, but
there are yet a great many voters
who will find a blank in the "paid"
column of the registration officer's
books unless between now and Satur-
day night they bestir themselves and
look after this matter.

One of the features of the present
campaign, however quiet it has been
is the large number of voters who
are to cast their first vote on April
24. These young men have volun-
teered to thus qualify themselves but
new citizens have also registered and
the vote will probably be on an aver-
age as large as usual. It is very
necessary, however, to have poll taxes
paid for the two years preceding the
election before one will be qualified to
vote, and the tax collector will be in
his office until dark tomorrow night
to receive such payments.

BRITISH TAKE MORE POINTS

Succeed in Driving Germans
From Last Portion of
Vimy Ridge.

BY ASSOCIATED PRESS.

British southeast of Arras captured
the villages of Wancourt and Hen-
nel and adjoining positions. They a so
made progress north of Scarpe river
and the last of a portion of Vimy ridge
held by the Germans.

Rain and snow and a forty-mile
gale continues in this section of the
French front but operations are mov-
ing forward despite it. Berlin ad-
mits the capture by British Wednes-
day of Monchy-le-Preaux, but says
attacks north of the village were re-
pulsed. German headquarters also
adds that twenty-four British air-

IT'S YOUR LIVER! YOU'RE BILIOUS, HEADACHY, SICK!

DON'T STAY CONSTIPATED
WITH BREATH BAD, STOMACH
SOUR OR A COLD.

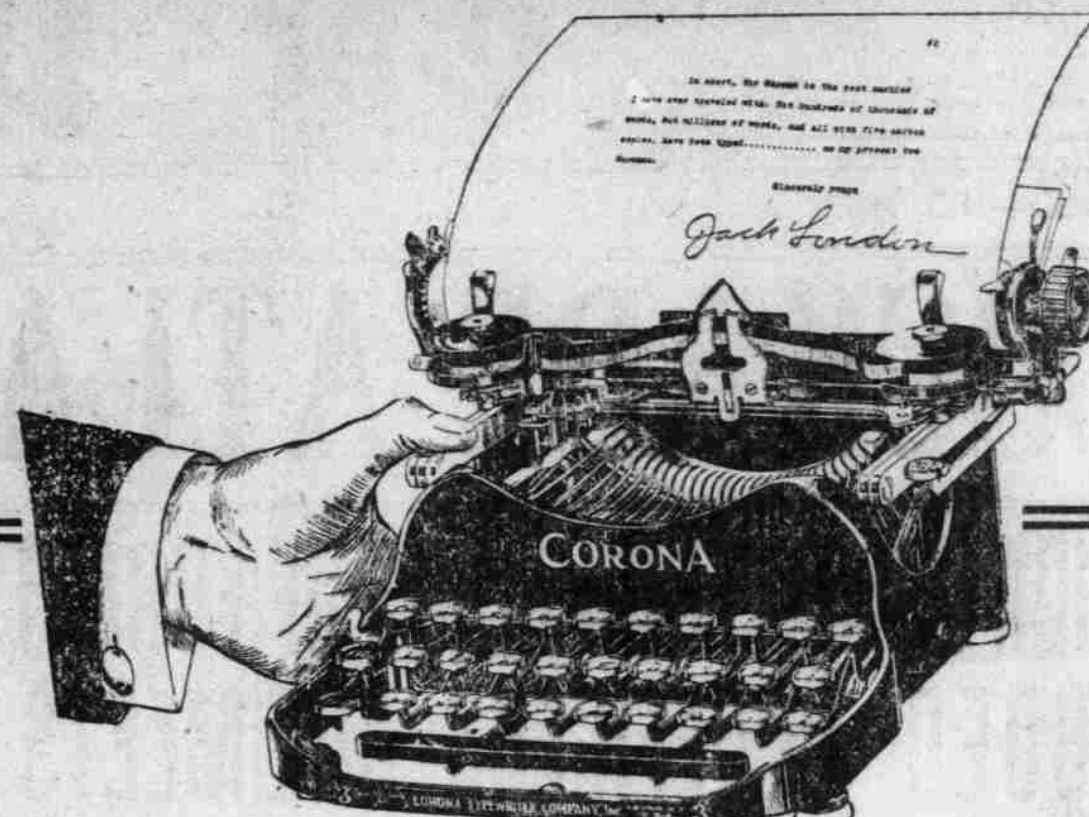

ENJOY LIFE. LIVE YOUR LIVER
AND BOWELS TONIGHT AND
FEEL FIN.

Tonight sure! Remove the liver
and bowel poison which is keeping
your head dizzy, your tongue coated,
breath offensive and stomach sour.
Don't stay bilious, sick, headachy,
constipated and full of cold. Why
don't you get a box of Cascarots
from the drug store now? Eat one
or two tonight and enjoy the nicest,
gentlest liver and bowel cleansing
you ever experienced. You will wake
up feeling fit and fine. Cascarots
never gripe or bother you all the
next day like calomel, salts and pills.
They act gently but thoroughly.
Mothers should give cross, sick, bil-
ious or feverish children a whole Cas-
carot any time. They are harmless
and children love them.—Adv.

FOLD IT UP—TAKE IT WITH YOU Typewrite Anywhere

The late Jack London said:

"It is the best machine I have ever used. In all my travels I have used it,
not to write hundreds and thousands of words, but millions of words."

Theodore Roosevelt carried a Corona with him on his African expedition.
It was this little machine that typed the account of all his travels.

The Royal Aero Corps of England uses the Corona exclusively. It was
only after careful consideration of its lightness, compactness and accuracy
that it was adopted for this line of work.

In our own U. S. A., it is to be found everywhere. Its usefulness at home
(after office hours) at the office, in stores, factories, on railway trains,
steamship lines, or wherever there is typing to do, is almost indispensable.

A portable typewriter, so condensed that you can carry it in one hand or
keep it in a desk drawer. Turns out clean copy anywhere. Sturdily built, weighs
but six pounds, and travels folded, in its own neat case or in your hand bag.
A hundred thousand now in use—many in your profession.

Full width Universal key-board, two color reversible ribbon, adjustable
paper fingers and margin stops, back spacer, paper release, improved high
speed escapement, visible writing.

A new shipment just received and now awaiting your inspection—See
them.

Price (complete with case) \$50.00
